Neighborhoods & Schools
Quick Start

Search for neighborhoods
1. Select Neighborhoods from the search bar.
2. Enter a neighborhood name, city or ZIP.
3. Choose Exact, Within, or Nearby and click Search.
4. Review age ranges, average incomes, occupations, walkability, etc. under the Neighborhood tabs.
5. Click Create a Report.

Your five neighborhood tabs
1. Summary
   Offers an overview of the area, including Median Estimated Home Value and more.
2. Housing
   Highlights the neighborhood’s housing characteristics compared to the county, state and nation, including comparisons for home ownership, rent, and information about permits and buildings.
3. People
   Gets to the heart of who lives in the neighborhood. Find a side-by-side comparison chart that measures population counts, densities and changes; median age, gender, and education levels.
4. Economy
   A clear picture of per capita and median household incomes, as well as employment figures.
5. Quality of Life
   Helpful when working with relocations. Look for weather, commute times, transportation options, and water quality.
Search for schools

1. Select **Schools** from the search bar.
2. Select **School District** or **Geography**.
   Enter a city, state, or ZIP.
3. Drill down by choosing **Elementary**, **Middle**, **High**, or **All of the Above**.
4. Under **Advanced**, **Search by School Name**.
5. Click **Search**.

---

**School Summary & Reviews**

1. **School Details**
   - Review basic information such as the school’s address, grades served and enrollment.
2. **Comparisons and Ratings**
   - Shows the school’s grade rating, as well as the average rating for schools in the area, and information about standardized test scores.
3. **Nearby Properties**
   - Link to active listings associated with the school.
4. **Reviews**
   - Displays community reviews for the school.
